

MGCI Robotics

AUDEAMUS 8574

Club Resume | 2023

OVERVIEW

Established in 2014, MGCI Robotics has become one of the largest clubs in Marc Garneau Cl.

In 2021, we started our First Robotics Competition team Audeamus 8574. We were able to compete in the world championships that year.

Our mission is to maximize social impact by providing a welcoming and engaging environment for students at MGCI to explore their interests STEM, namely robotics. We hope to spark their lifelong interest in STEM.
